COACHES CORNER

Be focused and ready to play on Saturday. Linemen, make your blocks so the offense can score touchdowns. Defense, keep playing hard so we don't give up any touchdowns. Let's go out there and WIN! **Coach Jacob**

Might Mites,

Way to pull out a hard game last week. As we now know, we can't just roll over every team. That is a good thing though. It makes us better as players, to practice harder and improve are skills. Keep showing up to practice with a positive attitude, and make sure to listen to the coach's. Let's stay FOCUSED for this Saturday game and get another Win!
